

# eLife Checking: Qualifications – 2020

Reward yourself with one (1) free box of HawaiiUSA FCU Custom Checks per rolling twelve (12) months, Premium Rates, and nationwide ATM fee reimbursements of up to \$20 at the end of each month just by meeting **three (3) easy requirements** within each qualification cycle<sup>1</sup>:

## 1. Make 10 or more debit card purchases<sup>2</sup>

- Includes point-of-sale (POS) purchases.
- Excludes ATM transactions or transactions that go through the ATM network, per merchants' discretion.
- Please note that debit card purchases may not post to your eLife Checking account immediately. We advise that you make debit card purchases 5-7 days prior to the end of the qualification cycle and/or make more than 10 debit card purchases.

## 2. Enroll and receive eStatements

- Signing up for an eLife Checking account does not automatically enroll you in eStatements. eStatements is a self-enrollment process through HawaiiUSA Online Banking. You will need an active email address to begin. Should you have any questions regarding the enrollment process for Online Banking or eStatements, our service specialists will gladly assist you.

## 3. Receive one direct deposit, ACH transaction, or HawaiiUSA Online Bill Pay payment

- A direct deposit, ACH transaction, or HawaiiUSA Online Bill Pay payment must post in your eLife Checking account within the qualification cycle. Since HawaiiUSA FCU has no control over when and how merchants process their transactions you can:
  - Set up more than one deposit or withdrawal that can post within the qualification cycle, or
  - If it is possible, change the date of the merchant's billing cycle so that it posts within the qualification cycle.
- Transfers between HawaiiUSA accounts do not qualify.

1. The qualification cycle is a period beginning one business day prior to the start of the current statement cycle (first calendar day of each month) through one business day prior to the close of the current statement cycle (last calendar day of each month).
2. Debit card purchases must be considered "settled" to be counted within each qualification cycle. A settled transaction is one that has been posted to the account.
